I'd like to thank the outgoing chair Kristen Poff (WSP Group) for her years of volunteering and wish her all the best of luck as she has recently taken on a new role within WSP Group in Australia! A big thanks to Lin Watt (Dillon Consulting), who is now staying on as Past Chair for another year, and to thank Tyson Ehnes (AECOM) who is now the Vice Chair.

We have also gained three new members! Sohaib Azam (Hatch), Kate O'Neill (Dillon Consulting), and Carol Nabanoba Musoke (AECOM) have all joined on, and we are looking forward to the new ideas and energy they will bring.

Our current committee also consists of veterans Ashley Morrissey (WSP Group), Amanda LaCoste (MCW), Vanessa Krahn (AMEC Foster-Wheeler), Kelsey Rutherford (SNC-Lavalin), Dan Nenadov (Accutech Engineering). We couldn't host our newsletter, events or programs without their volunteerism and hard work. Thanks goes to each one of them.

Thanks for taking a few minutes out of your busy day to keep informed about our activities! We've got some great events coming up and we hope to see you and your co-workers come out. As always, if you have any questions about the YPC and the things we do, please email me at yp@acec-mb.ca.

Succession Planning

[Barbara J. Bowes](#), FCHRP, CCP, M. Ed, Ph.D (c) – President

According to the Canadian Federation of Independent Business only 10% of SME owners in Canada have a formal succession plan. With baby boomers leaving the workplace, this is risky business. Attend this workshop and learn strategies to ensure how to integrate succession planning into every step of your business.

Multi-Generational Workers

[Bill Medd](#), B. Comm (Honours) – Partner, Leadership Development

Robert Presley, B. Eng, rmc, CCP – Management Consultant

Today's workforce is about Generations. 4 to be

exact! From experienced boomers to the new millennial working adult. Each generation engages in their world with a different set of attitudes, beliefs and commitments. Their working and communication style are opposites. This is not new. Yet, never before has there been a greater variety of opinions, talents and expertise to draw on in the workplace. Your leadership challenge is to embrace and build generational relationships to create the best for your workplace. In this presentation we will identify the workforce generation differences; consider the motivational needs; develop an understanding of generational influences and communications as a means to create positive impact.
