Registration is now open for the ACEC national leadership conference, October 22-24 in Ottawa

[Register today and take advantage of early-bird conference pricing](#)

The ACEC national leadership conference is a must attend event for CEOs, decision makers, managers, and rising Young Professionals who are looking to drive their business to future success and meet with Members of Parliament to help influence policy impacting the Canadian consulting engineering sector.

Over this two and a half day event, current and emerging leaders will get to:

- Discuss and explore **emerging challenges and opportunities** for consulting engineering companies with sector experts, industry CEOs, and thought leaders
- Meet with Members of Parliament to **influence policy** that impacts our industry
- Network with peers as well as **leaders from client and stakeholder organizations**
- Generate **new business partnerships** and rekindle past ones
- Celebrate engineering excellence at the **Canadian Consulting Engineering Awards gala**

Venues & Accommodation

Discuss and explore emerging challenges and opportunities for consulting engineering companies with sector experts, industry CEOs, and thought leaders

Our conference business program is tailored to the task of driving your business to future success and shaping policy impacting consulting engineering to create a positive environment for the sector.

Here are some [program highlights](#):

- Investing intelligently: infrastructure done right
- Moving projects forward: what is the future for Canada's resource sector?
- Engineering without a net: trends in law, liability and risk
- Staying relevant: trends in technology to support the business of consulting engineering
- Is anybody out there? How to find, attract and retain talent
- Canada's Environmental Assessment Act – How are we going to move major projects forward?
- Canada versus the world – trade and globalization of consulting engineering

Meet with Members of Parliament to influence policy that impacts our industry

Help shape policy affecting our sector by [meeting with MPs](#) in their Parliament Hill office as part of our Parliament Hill Day. Become a citizen advocate by taking part in these meetings to discuss the issues and challenges facing our industry with elected officials.

Network with peers as well as leaders from client and stakeholder organizations

Take part in unparalleled [networking opportunities](#) with industry peers, leaders, and stakeholders, as well as Ministers and Members of Parliament. Strengthen current business relationships and forge new ones during the *Welcome Reception* on Sunday evening and *Networking Reception* on Monday night.

Celebrate excellence at the Canadian Consulting Engineering Awards gala

Celebrate excellence in consulting engineering! The [Canadian](#)

[Consulting Engineering Awards Gala](#) will be the culminating event of the conference and our industry's night to award the highest honours for achievements in consulting engineering in Canada. Now in its 49th year, the CCE awards are co-sponsored by ACEC and *Canadian Consulting Engineer* magazine. Close your conference experience off at our industry's night of excellence and premier networking event.

To learn more about the conference and the business program, simply click on one of the icons on the left.

Stay tuned to *Source* and ACEC communications as we announce confirmed speakers and other event details.
