2020 Awards of Excellence – Sponsorship Opportunities

Join us for the 21st Annual Awards of Excellence

The Manitoba Awards of Excellence in Consulting Engineering serve to foster and promote the provision of exceptional product and service locally, nationally and internationally. Collectively, these projects highlight the diverse range of skills and expertise possessed by Manitoba's consulting engineering firms. The first Awards of Excellence was held in 1998 and we continue to celebrate our member firms at our 21st annual Awards of Excellence. The work of engineers, whether high profile or behind the scenes, impacts nearly every aspect of our lives. Engineers dare to dream of things that never were, ask the question, "Why not?", and then search for solutions to enhance the world we live in. It is these bold actions that forge the path for developing innovative solutions and delivering outstanding projects.

We are a non-profit organization dedicated to improving the Manitoba business environment for consulting engineering firms and their clients. The consulting engineering industry in Manitoba generates over \$150 million of direct economic activity in Manitoba and our design work represents a further construction value in the range of \$2 billion. Currently, the industry employs approximately 1,600 individuals in 29 member firms.

This premier event takes place on **Tuesday, April 14, 2020**, when consulting engineers and guests will gather at the *The Metropolitan Entertainment Centre - 281 Donald Street* to attend the 20th annual Manitoba Awards of Excellence in Consulting Engineering.

Joining in partnership with ACEC-MB for this event will help to strengthen the provincial and regional economy by celebrating the challenging, diverse, and landmark projects that shape the landscape of our own City, Province, and country. Sponsors will demonstrate their support in areas of technological development, environmental sustainability, growth, innovation, and infrastructure improvement.

We invite you to partner with us to incite change by celebrating those Manitoba consulting engineers that challenge the status quo to deliver excellence through commemorating this year's exciting accomplishments. We would ask you to consider one of the sponsorship opportunities described on the following page.

Title Sponsor - \$7,000

Title Sponsorship includes:

- On-stage presentation of the Keystone Award – Presentation of the most esteemed final award to the project deemed best overall by our Judging Panel
- On-stage presentation of the Lifetime Achievement Award - Presentation to the recipient of the Lifetime Achievement Award; a prestigious award given to a Manitoba engineer in recognition of his or her leadership, achievements and contributions to the consulting engineering industry and the community
- On-stage corporate promotion opportunities
- Your Corporate logo and name prominently displayed on event signage and in the program
- On-stage acknowledgement during the event
- Your Corporate logo and name displayed in news releases, promotional materials and publications including “Consulting Engineer” – the official publication of ACEC-MB distributed each fall to over 3,500 industry stakeholders
- Your Corporate logo on the ACEC-MB Website
- Table for 10 at the Awards Gala
- Other opportunities to be discussed
